

ESC Conference 2024

EHS Summer Gathering

June 28 - 30, 2024
Kassel-Zierenberg, Germany
(White zone area with grey dots*)

(Translate with [deepl](#) as needed)

You are invited to our weekend conference in Germany!

ESC would like to continue the tradition started by our friends in Belgium of an EHS gathering in Europe. We have found a white zone* in the middle of Germany which you will surely like. The event is for all ESC members and member organisations and for anybody else with interests in ESC and EHS.

Come and have a good time with other nice people from all over Europe!

There will be comfortable housing facilities with single rooms, 2-bed rooms, 3/5-bed rooms with own or shared bathroom. You can also stay outside in the grounds or in the nearby wood in your tent, or you can come and stay in your motor home/caravan or your car.

All outdoor guests will have access to bathroom facilities as well. Healthy organic (bio) meals will be served 3 times a day and there will be coffee, tea all through!

Conference language will be mainly English, but also German and French.

Get ready for

- Exciting speakers with the latest insights
- A newly released Klaus Scheidsteger film
- Interesting group work
- Friendly talks and walks in the hilly landscape
- Evening with dance and music
- Yoga class
- Exhibition of shielding materials and measuring devices

We are proud to present the following programme
([Presentation of speakers can be found here](#))

Final programme will be available at the conference in print

15.00	Thank you and good bye!	Vielen Dank und auf Wiedersehen!	Merci et au revoir!	

Want to get a feel of the atmosphere? Have a look [here at the aftermovie](#) of June 2023 EHS gathering in Belgium.

Accommodation and food

This quiet place in Germany makes for a very pleasant stay. It is in the country side on a hill far away from any big city. We have measured the radiation levels and you can [see the report here](#).

We offer all price levels. You can make it really cheap, if you choose to sleep in your car or a tent. You can also choose to treat yourself with a more expensive stay with a single room with own bathroom and full catering. And there are lots of choices in between. We are sure there will be something just right for you.

Prices for the whole weekend:

CONFERENCE fee : € 70

Accommodation range : € 31 - 110

Meals range : € 110 - 120

Friday: dinner,

Saturday: breakfast, lunch, dinner

Sunday: breakfast, lunch

You have to book a place and food for the whole weekend, unless you come as a day guest.

If you get a sold-out message then contact us. We may have more rooms available.

Note for day guests: Day guests only pay a conference fee including a little for tea/coffee (€ 60 Saturday/40 Sunday, 90 full weekend). You can book meals for the whole weekend, or you may bring your own food or use the public café (soup, sausages and cake).

Payment method: Bank transfer, Visa Card, Master Card.

Registration is valid when you have paid.

Do you need to get in touch with us?

For questions, comments, special food issues, please contact:

English: conference@esc-info.eu, phone 0045 23 48 01 78

German: conference@esc-info.eu, phone 0049 5652 5018 974

We look forward to seeing you!

Now go to the registration page where you will see all your choices:

www.esc.easysignup.com

* There will be no wifi or phones and the maximum measurements show 0 except for peaks from airport radar 8 km away in very few spots (3-25 microwatts/m² peak every 6 seconds). Low frequencies have also been measured and there are none. [Full report here](#).

Electro hypersensitivity often goes hand in hand with multi-chemical sensitivity; we will therefore ask you to avoid all types of perfumes and scents.
